Alarmed by Coalition of Socialists and  
Old Board Members—Legislature  
Refuses to Act.

Oklahoma City, Okla., Jan. 12.—Campbell Russell of Warner, State Senator from Muskogee county and president of the People's Power League fears that he will not be able to control the State Farmers Institute at Stillwater next week, and elect a state board of agriculture, which will be free from domination by the members, whom his measure recalled.

Reports from over the state indicate that the members of the old board have entered into a combination with the ten or more socialist delegates, to control the institute, and Russell went before the democratic

GOVERNMENT REPORT SHOWS 22-  
503 BALES GINNED PRIOR TO  
DECEMBER 13.

The government ginner's report shows that up to Dec. 13, there had been ginned in Pontotoc county a total of 22,503 bales. In 1911, at the same date, the gins had turned out 26,227 bales. In 1910, the output was 24,953, and in 1909 it was 11,538.

The output for the entire season for previous years was as follows: 1911, 30,068; 1910, 25,937 and in 1909 it was 11,871.

Judging from previous years a crop of about 24,000 bales is indicated for the present season, which is about 6,000 bales short of 1911. It will also be noted that about half the total amount reported has been marketed at Ada.

Lincoln county leads the state with 34,927 bales ginned.

**Kansas Has Democratic Governor.**

Topeka, Kas., Jan. 13.—George H. Hodges (democrat) was sworn in as governor of Kansas today, succeeding Walter R. Stubbs (republican). Mr. Hodges is the first democrat elected governor of Kansas in 30 years and his installation was made an occasion of enthusiasm for the thousands of democrats who came from all parts of the state to participate in the ceremonies.

Governor Stubbs and Governor-elect Hodges were escorted to the state house by several companies of the Kansas National Guard. In the assembly chamber the oath of office was administered to the new executive by Chief Justice William A. Johnston. The other state officers, elected in November, all of them Republicans, were sworn in. In a brief inaugural address Governor Hodges reaffirmed the ante-election pledges of his party.

Springfield, Ill., Jan. 13.—Edward F. Dunne, the first Democrat to be elected governor of Illinois since John A. Angell, retired from office sixteen years ago, was inaugurated today in the presence of a large assemblage of people, who gathered here from all parts of the State to witness the ceremony. Democratic marching clubs escorted the Governor-elect from his hotel to the capitol, where the inauguration ceremony took place at noon in the assembly chamber. Chief Justice Dunne of the State Supreme court administered the oath of office. Governor Dunne delivered a short inaugural address in which he outlined the plans of his administration. Later in the afternoon the new executive mansion.

**JEALOUSY PROBABLE CAUSE**

**Williams Placed in Jail to Await Re-  
sult of Preliminary Hear-  
ing.**

Sunday morning, about 7:30, A. G. McPherson was shot and dangerously wounded at Allen by J. I. Williams. The shooting took place in the meat market of W. W. Drake. Immediately after the shooting Williams surrendered to Deputies John Matthews, Ed Gibson and Constable Tom Harrell, who left with him for Ada within a short time.

It is said that the first warning McPherson had of the presence of Williams was when the latter opened the door of the market and fired at him with a 32 calibre revolver. The bullet struck him almost in the center of the breast, passing through the right lung and his right arm. He then attempted to draw his own gun but dropped it as he fell to the floor. He is in a very critical condition, but the physicians hold out some hope for his recovery.

McPherson and his wife conducted a restaurant at Allen, and so far as can be ascertained, he always bore a most excellent reputation and the sentiment of the town is said to be very strong in his favor.

It is supposed that Williams was actuated by jealousy to attempt the life of McPherson. He and his wife had been separated for sometime and she had been employed at times by McPherson and his wife in the restaurant, although she was not so employed at the time of the tragedy.

Williams returned to Allen Saturday and sent for his wife. It is said that she attempted to use a whip on him and this probably angered him still more.

County Attorney Roland and Deputy Sheriff Duncan left for the scene of the trouble immediately after being informed of it and made an investigation. The date of the preliminary hearing has not been set.

**ACCUSED OF KILLING HIS  
SWEETHEART'S MOTHER**

Rockville, Md., Jan. 13.—The term of the circuit court which convened here today promises to be made notable by the trial of Norman Bruce McCleary, who is under indictment for the murder of Mrs. Nannie B. Henry, mother of his former sweetheart, Miss Lupah Henry. The case has been brought here on change of venue from Hagerstown.

Mrs. Henry was found dead lying across a bed in her home at Hagerstown August 15 last. She had been dead evidently several days. Her daughter, Miss Lupah Henry, who was employed by the city as a stenographer, had left Hagerstown August 15 in order, it is said, to escape the alleged unwelcome attentions of McCleary. A week later Hagerstown was startled by the intelligence that young McCleary had been arrested in Washington, suspected as the murderer of Mrs. Henry, and of having intentions to kill her daughter. Following his arrest McCleary is said to have admitted to the authorities that he had choked Mrs. Henry to death.

**Oregon Legislature Opens.**

Salem, Ore., Jan. 13.—For the second time within a few years an Oregon legislature is about to elect a United States senator whose political faith is the opposite of that of the majority of its members. Notwithstanding that the legislature which convened today is overwhelmingly republican it will elect as United States senator, Dr. Harry Lane, a democrat, as the colleague of Senator Chamberlain, also a democrat, who was elected under similar circumstances four years ago. The election of Dr. Lane will be in compliance with the much-discussed Oregon law which pledges the legislators to vote for the candidate for senator who receives the highest popular vote at the November election.

When the senatorial election is disposed of the lawmakers will turn their attention to one of the heaviest legis-

lative programs that has been prepared in years. Many of the measures prepared for consideration are of an extremely progressive character. Included in the list are bills providing for workmen's compensation, mothers' pensions, a bachelor income tax, the curbing of "wildcat" speculation, a minimum wage law, and radical reforms in court procedure.

**Inauguration in Ohio.**

Columbus, O., Jan. 13.—The inauguration of former Congressman James M. Cox as governor of the state of Ohio today was attended by the pagantry and pomp which are usually made a part of the ceremonies on the occasion of the administration of the oath of office to the chief executive of the commonwealth. Many visitors from all parts of the state were in attendance.

If the U. S. senate sustains the house in cutting out the appropriation of \$300,000 for aid of Oklahoma's east side schools, it will mean short terms and poor schools in many communities next year. It is only a matter of right and justice that the national government, as guardian of the Indians, should aid in supporting the schools of communities where the land is mostly non-taxable. Many men buy fire insurance, toss the policies in the safe, pay the premium and forget it until the fire comes. If the policies are correct and the companies good, the loss is paid. Otherwise there may be trouble getting the money.

You'll find the policies issued from this office cover your risk correctly and are in strong companies. If you need additional insurance, see us.

other parties were inclined to be different in the matter, and the socialist had easy sailing. If they control the board Campbell Russell has no one except himself to blame in the first instance, and the fact that so few farmers of other parties participated. At all events, it is now certain that the new board will not be composed of men who will look to Russell for advice and guidance.

However, Russell is not a man who gives up a fight easily, and it is possible that he may prevail on the legislature to come to his rescue, but it is safe to say that for once in his life he is convinced that the people will not always rule, even if they have the chance—that is, rule the way he wants them to.

### Believe Life May Be Prolonged.

Men who are devoting their lives to the study of longevity believe that in days to come a man of ninety will be in his prime, and old age will begin long past a hundred years.

Scientists have proved that the simple life temperate habits, exercise, and an active mind are essential to a long and happy life.

When the blood gets thin and sluggish and creeps lazily through the veins, and the arteries begin to harden, there is nothing that will enrich the blood, improve the circulation and restore strength to every back-sliding organ in the body so quickly as our delicious cod liver and iron tonic Vinol. Here is proof.

Mrs. Michael Bloom of Lewiston, Pa., at 83 years of age was so weak she had to be wheeled around in an invalid's chair—she writes that after taking a few bottles of Vinol she could take long walks and do her household work. That shows how Vinol strengthens old people.

Try Vinol on our guarantee that it will do you good or cost you nothing. Gwin & Mays Drug Co., Ada, Okla.

## ELLIS COUNTY, TEXAS LEADS IN COTTON

The government cotton report shows that Ellis county, Texas, still holds the record as the greatest cotton producing county in the United States. Up to December 13, there had been ginned in that county 159,307, which was 23,000 bales more than was ginned the entire season in 1911, and indicates a total crop of nearly 165,000 bales. For many years Ellis has outranked all other counties in the matter of producing cotton, and only in extremely bad years has any other carried off the palm. McLennan county is the closest competitor of Ellis for 1912, there being ginned within its borders a total of 126,587. Hill ranks third with 119,320.

Tulsa, Ok., Jan. 11.—Three people were severely injured and a score shaken up and bruised when No. 407 westbound Frisco passenger, slid into 408 eastbound at Milfay, a siding ten miles west of Sapulpa, this afternoon.

The severely injured were Mrs. White, wife of an army officer of Fort Sill; Pullman Conductor Collins and the train auditor, all on the east-bound train. The engine crews saved themselves by jumping. Both engines were put out of commission. An icy track made it impossible for the engineer of the westbound train to bring his train to a stop in time to avoid a collision.

## WEATHER FORECAST FOR THE COMING WEEK

Washington, Jan. 12.—The week will open with a cold wave east of the Mississippi River, and low temperatures will continue during the first half of the week with generally fair weather, according to the weekly bulletin issued by the Weather Bureau today.

"In the Middle West," says the bulletin, "temperatures will rise by Tuesday, preceding and attending the eastward movement of a low pressure area now over the Pacific Northwest. Snows will accompany this depression and by Tuesday will cover the Western portion of the country, except the West Gulf states."

"To the eastward rain and snow and rising temperatures may be expected after the middle of the week, while in the west there will be a return to fair and colder weather with the eastward movement. Another high pressure area now is over Alaska. Toward the end of the week another disturb-

ance will appear over the far Northwest accompanied by rising temperatures and unsettled weather."

## Big Bank Merger!

The following self-explanatory letters from the heads of the Ada National Bank and the First National Bank will give you in a nutshell the liberal policy and purpose of the First National Bank of Ada since the merging of these two institutions. Also read our splendid statement.

TOM HOPE, Pres. M. C. COPELAND, Vice Pres. ORVILLE SNEAD, Cashier

### THE ADA NATIONAL BANK

CAPITAL \$50,000

ADA, OKLAHOMA

Dec. 31, 1912.

TO OUR OLD CUSTOMERS AND FRIENDS:

Dear Sir:

The Ada National Bank on the 28th day of December merged its interests with The First National Bank of Ada and we take pleasure in being able to offer to our friends and customers the added facilities which this combination will enable The First National Bank to extend to our former patrons as well as all others entitled to liberal banking favors.

All of the benefits and advantages to be derived from a business connection with one of the strongest banks in the State are now at the command of our old patrons and friends, and we commend them to this strong and progressive bank in the fullest confidence that their patronage will be duly appreciated and requited by the most satisfactory treatment.

Yours very truly,

TOM HOPE, President.

ORVILLE SNEAD, Cashier.

TO THE FORMER CUSTOMERS AND FRIENDS OF THE ADA NATIONAL BANK:

Dear Sir:

Referring to the foregoing announcement of the officers of the Ada National Bank, we beg to say that it will be our purpose to give you as customers of this bank such service as Mr. Hope and Mr. Snead would have you believe you will receive.

The accompanying statement shows that the combined resources of the two banks, should enable us to offer you every facility your business requires and your account warrants. All we ask is an opportunity to serve you.

It has been the policy of this bank in the past to lend money to its customers, every business day in the year, at reasonable rates of interest, when satisfactory security was offered. We attribute the remarkable growth and success of our business to this practice and we propose to continue it.

The books, papers and records of the Ada National Bank have been transferred to our office, and you will find some officer of that institution with us at all times, whose pleasure it will be, as well as ours, to wait upon you.

Yours truly,

P. A. NORRIS, President.

## A Letter From a Pleased Customer

Logsdon Bros. & Co., City

Jan. 4, 1912

Gentlemen:

Several months ago you sold my little boy a pair of shoes which have given splendid satisfaction. I am sending this note to you by him, and would like to have you fit him with another pair of the same brand he is wearing. I feel sure you will treat him as fairly as you did the last time he bought of you. Thanking you for this service, I am,

West Sixteenth Street.

Respectfully, Mrs.

The above letter from one of our satisfied customers tells its own story. Parents can send their children here with perfect assurance that they will receive every attention accorded grown-ups, and that the little fellows will be dealt with honestly. In fact, honesty is the paramount principle of this store. We don't want business if we have to resort to fraudulent means to obtain it.

## MORGAN WANTS MORE MONEY FOR SCHOOLS

Washington, Jan. 13.—Representative Morgan of Oklahoma today introduced a bill appropriating \$11,767,990 for the use and benefit of the common schools of his state. The theory on which the bill was introduced is that the \$5,000,000 direct appropriation carried in the enabling act of 1906, providing for the admission into the Union of Oklahoma and Indian Territory as one state, was not nearly the equivalent of sections 16 and 36 in each township. For more than fifty

years prior to 1906 the uniform practice of congress had been to grant two sections of land in each county for school purposes. Inasmuch as all of the land in Indian Territory belonged to the Indians, this could not be done. Mr. Morgan contends that at least \$15,000,000 should have been carried in the enabling act to offset the failure to provide land.

In referring to the bill Mr. Morgan said:

"Congress, no doubt, intended to be just to the state of Oklahoma when it appropriated \$5,000,000 in lieu of the loss of 1,117,000 acres of land included in sections 16 and 36 in Indian Territory. At the time the enabling act was passed these lands were reasonably worth the sum of \$15 per acre or, in the aggregate, they were worth over \$16,000,000. Above all other states, Oklahoma should have had a grant of land for the common schools fully equal to that which had been granted to other states for more than half a century. About one-third of the entire Indian population of the United States is within the state of Oklahoma, thus adding to the burdens which the people of the state must bear for educational purposes. Under the laws enacted by congress and the treaties made with the Indians, as construed by the Supreme Court of the United States, fully three-fourths of the lands of Indian Territory are not subject to taxation. I have given the matter considerable study and I have come to the conclusion that the State of Oklahoma has a just claim against the government for an additional appropriation for the use and benefit of the public schools. This appropriation should be equal to the difference between the \$5,000,000 already granted and the reasonable value of the 1,117,000 acres of land which the state would have been granted if sections 16 and 36 in Indian Territory had been available for that purpose."

## VARSITY WILL PLAY NORMAL GIRLS

BIGGEST BASKETBALL GAME OF  
SEASON SCHEDULED FOR FRIDAY  
DAY NIGHT.

The one big basketball game of the season will be played here Friday night when the Sooners girls meet the champion girls of E. C. S. N. The University always puts out a strong team. Last year the teachers won one game and the Sooners won one. It is the intention of the Normalites to take both games this year, if there is any possible chance to do so, and there seems to be a good chance too.

The line-up of the home six will be that of recent games. The recent practice has put the entire team in better condition than it has ever been in before.

The game will be played in the Pontotoc building, and no doubt the greatest crowd that ever witnessed an athletic contest in Ada will be on hand for the occasion. The University and East Central both have prided themselves on the clean athletic records they have made in the past. In fact, the University of Oklahoma and the East Central Normal have become synonyms of pure athletics. When two teams of this type meet, there is always a brilliant exhibition of skill and strength.

## NORMAL BOYS PLAY TWO BASKETBALL GAMES

In a fast game of basketball East Central defeated the Holdenville High school team Friday night. By a score of 23 to 17. In view of the fact that the normal team had only practiced three times together we may justly feel proud of our boys. Coach Wilson deserves much credit for his most excellent coaching.

In the Holdenville game the Normal team displayed streaks of brilliant team work. McCain showed great form in throwing both free and field goals, throwing 9 out of 15 free goals and four field goals. Claude McMillan at forward assisted McCain in securing the ball. Kerr playing at center had two goals marked to his credit. The work of Chief Donaghey and Ralph McMillan at guards cannot be described. Suffice to say they are stars.

In the game at Calvin, the normal were slow to wake up. McMillan, C., threw one field goal and McCain two free goals in the first half. Score at end of half 14 to 4 in favor of Calvin. But in the last half the Normal was in every play. Precious McMillan threw goals from every possible position. McCain completely played his man down. The center and guards were even better than in the Holdenville game. End of last half the score stood 23 to 23. The tie was played off and Calvin by a piece of excellent team work secured the field goal and won the game.

Coach Wilson was pleased with the showing of the team and promises us a championship team this year.

Line-up:—McMillan, C., McCain, forwards; Kerr, center; Donaghey, McMillan, R., guards; Sledge, Brents, substitutes; Wilson, coach.

Dr. Ross returned this morning from Durant and McAlester. He reports Mrs. Lee Eddleman seriously ill of pneumonia at Durant, and Miss Cole, who visited here sometime ago, is ill at McAlester. Their many friends hope to hear of their speedy recovery.

## THE A. & M. COLLEGE POULTRY AND HOG TRAIN

The Poultry and Hog special which will be operated by the A. & M. College in co-operation with the Santa Fe and Frisco Railroads will begin its itinerary January 20, 1912. The first stop will be made at Crescent, Logan County, Oklahoma, where a poultry show has been promised. More than one-half of the stops to be made by this train have guaranteed a local poultry show and the other half are using their best efforts to encourage such an organization.

### Equipment of Train.

The working equipment of the train will consist of one baggage car containing exhibits of poultry, poultry products and poultry equipment, one horse car containing exhibits of pure bred hogs from the farms of the best breeders in Oklahoma, and an exhibit of market types of hogs together with products from each type and specimens of diseased tissues showing the internal infection of cholera and swine plague hogs, one flat car which will be fenced with hog proof wire fencing and will be used for lecture and demonstration purposes, one passenger coach which will be equipped with college exhibits by departments—farm crops display, insect pests display according to crops infested and seasons of activity, model hotheds and cold frames, exhibit of implements needed by the roachard and fruit grower, model silos, silage from corn, kafir corn, cow peas, winning exhibits in the Boys and Girls Agricultural Club contests—kafir corn, corn, peanuts, broom corn, cotton, sewing, cooking and canning, poultry and hogs, three passenger coaches, one of which will be specially arranged for domestic science lectures and demonstrations and two of which will be used for lecture purposes in connection with the work with the boys and girls. This train will be the most complete of its kind ever operated in Oklahoma.

### Lecturers.

Prof. J. H. Connell will be with the train at a number of stops. The personnel of the lecture force is as follows: L. L. Lewis, veterinary medicine; B. C. Pittuck, college extension; W. A. Linklater, animal husbandry; O. O. Cehurchill, farm crops; Jas. A. Wilson, experiment station; Jno. W. Wilkinson, boys and girls clubs; A. C. Hartenbower, farm crops; C. H. McElroy, veterinary medicine; H. A. Bittenbender, poultry; Irma Matthews, women's auxiliary, board of agriculture; Henrietta Kolshorn, boys and girls clubs.

### Subjects of Lectures.

Poultry and hogs will be featured together with farm crop subjects of interest to the locality. Some of the lectures to be delivered are as follows:

General Lectures—Improving the Market Quality of Poultry Products; Care and Management of the Breeding Flock; Losses Resulting from the Sale of Unclassed Eggs.

For Men—Pork Production Under Oklahoma Conditions; Best Breeds of Hogs for Oklahoma Farmers; The Hog Wanted by the Packer; Can We Assure the Success of the Hog Crop; Injecting Hogs With Hog Cholera Serum (practical demonstration); Selecting Seeds and Growing Profitable Crops of Kafir Corn, Peanuts, Alfalfa, Corn, Cowpeas.

For Women—Domestic Science Lectures and Demonstrations.

For Boys and Girls—Testing Farm Seeds for Vigor and Germination; How Prize Crops were Grown; How State Prizes for 1912 were Won; Organizing a Local Agricultural Club.

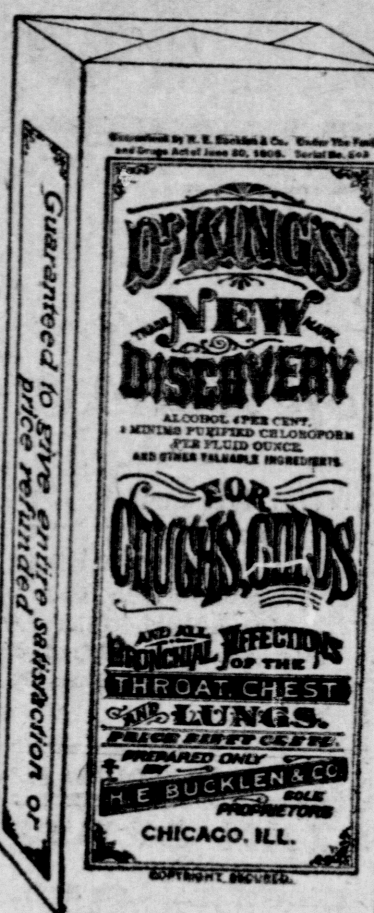

### Things to Be Remembered.

The lecture demonstrations will begin immediately upon arrival of train and at the train. Where afternoon-evening stops are made all work will be given at the train with the exception of the evening illustrated lectures which will be given in suitably located hall to be provided by the local committee. The special lectures and demonstrations for women will begin immediately after the first general lecture from the platform and will be given in the lecture coach equipped for that purpose. The work for the boys and girls will be given immediately after the first general lecture from the platform after which they will be taken in charge by the Supervisor of Boys and Girls Agricultural Clubs. The exhibit car will be open for inspection at all times during daylight hours where stops are made. The evening lectures will begin promptly at 8:00 o'clock and will consist entirely of lectures illustrated with motion pictures and stereopticon slides.

The auto contest of the Ada Trading Co. will close February 1. As the time draws near the interest becomes all the keener, for it is not often that an opportunity is given to secure such a prize without cost. It has been a good stroke of business for this enterprising company and has brought it trade from long distances.

## COUNTY WINS EVERY POINT IN TAX SUIT

Deputy County Attorney Croxton is back from Muskogee, where he went Saturday to represent the county in the intervention suit to collect some \$30,000 back taxes due from the O. C. He is well pleased with the status of the case, Judge Campbell granting the petition for intervention. Negotiations are under way and nearing conclusion for the sale of the road, and under the decision of the court the taxes must be paid before the transfer can be made, unless the road takes some other action by way of contesting the claim, and as the case stands now the burden of proof would be on the road instead of the county. Mr. Croxton is of the opinion that the taxes will be paid within the next sixty days, as all parties are anxious to get the road into the hands of its new owners.

## TWO FIRE ALARMS SUNDAY MORNING

The fire boys were called out twice Sunday morning by alarms only to find that their services were not needed after all. The first call came at 6:30 from H. B. Roach's on 16th and Townsend, a servant's house having caught fire. It was extinguished without any particular damage. The second alarm was turned in about 8 o'clock and was from Mrs. L. J. McCain's on East Main. A burning flue was the cause of the trouble, but it was found that the house itself was not on fire.
